Attachments: NCA4 Update.docx

Andy, this is a 1-page refresher (mostly process) that we prepared to give to Sarah and then to Bill, obviously, it now no longer current. It has NOT gone anywhere yet and I'd be eager to ensure it is revised to reflect the current state of play. Can you please share what you develop so we can keep Bill in the loop as well? Thanks!!

Subject: RE: NCA4 Summary Findings

Mike has promised to send me the draft announcement later today. I'm working on a brief summary for ORD to include in the heads-up to the AO and will provide that as well. May be somewhat late, but should be before daybreak tomorrow.

Subject: RE: NCA4 Summary Findings

...that is good news. Do we have any further info regarding what, if anything, the USGCRP or WH has planned for the release? We'd been planning to give Bill a general reminder that the NCA4's release is coming soon....I guess we may need to push that up.

Thanks for passing the news along!

Thanks for the good news. Getting it out before AGU is key.

Subject: NCA4 Summary Findings

Importance: High

Mike K let us know this afternoon that the NCA4 Summary findings have been approved, in the form that was approved at the beginning of the summer, without the text boxes and with the phrasing that connects reductions in emissions to reduced impacts.

The price for this agreement is that the publication date has been moved up to November 23.
